Source: EWG analysis of data from the 2013 American Community Survey 1-Year Estimates, and of data provided to EWG by the Department of Public Health in response to public records requests.

1. Pooled estimates for 18 rural counties for which county-specific data were not available: Alpine, Amador, Calaveras, Colusa, Del Norte, Glenn, Inyo, Lassen, Mariposa, Modoc, Mono, Plumas, San Benito, Sierra, Siskiyou, Tehama, Trinity and Tuolumne.
2. Includes funds provided separately to the cities of Long Beach and Pasadena.
3. Includes funds provided separately to the city of Berkeley.
4. In San Francisco, more lead tests were performed than the estimated number of 1- and 2-year-olds enrolled in Medi-Cal.
